Customer Journey Map

Phase of Journey	Stage 1 – Loan Requirement	Stage 2 – Eligibility Prediction	Stage 3 – Loan Application & Decision
Actions What does the customer do?	- Decides to apply for a loan. - Collects financial documents. - Searches for loan eligibility requirements.	- Enters applicant details into Smart Lender AI. - Reviews loan eligibility prediction. - Uses EMI calculator to estimate repayment.	- Applies for the loan at the bank. - Uploads required documents. - Receives final approval or rejection.
Touchpoint What part of the service do they interact with?	- Bank website. - Loan information portal. - Smart Lender AI Home Page.	- Smart Lender AI Prediction Form. - AI Dashboard. - Eligibility Result Page & PDF Report.	- Bank Loan Officer. - Banking Portal. - Loan Processing System.
Customer Thought What is the customer thinking?	- Am I eligible for a loan? - What documents are required? - How much loan can I get?	- Will my application be approved? - Is the AI prediction accurate? - Can I improve my approval chances?	- I hope my application gets approved. - How long will verification take? - When will I receive the loan?
Customer Feeling	Curious Hopeful Excited	Anxious Interested Confident after prediction	Nervous Satisfied if approved Disappointed if rejected
Process Ownership	Customer	Smart Lender AI System	Bank / Financial Institution

Opportunities

How can we improve this stage?

- Provide loan eligibility guidance.
- Offer document checklist.
- Explain loan requirements clearly.
- Improve AI accuracy.
- Provide approval probability.
- Explain reasons behind the prediction and recommend improvements.
- Reduce approval time.
- Enable online document verification.
- Send real-time application status notifications.
